CROSS COUNTRY COURSE ASSISTANCE GRANTS

Pony Club NSW offers a grant of \$500 to clubs/zones building or renovating a cross country course who engage the services of an Equestrian Australia (EA) accredited course designer.

Grants are limited to one per zone per year. The club must first make application to their zone nominating the course designer to be used, which is then considered at the following Zone committee meeting. In the event of more than one application being received by a zone a vote will be taken to decide which application is to go forward to the State Council for consideration.

Following approval at Zone level, the application is submitted to the PCA office together with a letter of support from the zone and will be at the next State Council meeting.

Applicants will be notified following the Council meeting to advise if their application has been successful.

Payment of the grant is made following the completion of the cross country course including a written report from the course designer confirming that the course has been built as per their design and specifications.

To apply, complete the details below.
